Internship

React Developer Intern

Sep 2024 – Nov 2024

Gokboru Tech Private Limited

- Developed a **fully functional contact form** with **real-time validation** and **secure API integration**, improving email handling efficiency.
- Designed a **dynamic, responsive footer** with auto-updating copyright and social media links, enhancing UX across devices.
- Improved skills in React.js, responsive design, and problem-solving through hands-on experience.

Projects

Task Management Project | MERN Stack, AI

Jan 2025 – Feb 2025

- Designed a **full-stack task management platform** where users can assign, track, and manage tasks with **CRUD operations**.
- Built a **secure authentication system** using JWT and OTP verification with Nodemailer.
- Developed a **scalable backend with Node.js, Express.js, and MongoDB**, including RESTful APIs for task management.
- Implemented **responsive UI and real-time task updates** using React.js (Vite) and CSS module.
- Implemented **AI-driven query resolution** using **Gemini API**, enabling users to receive AI-powered insights on their tasks.
- GitHub Repository: <https://github.com/Vishal-140/Task-Management-Frontend>

CoderStats Project | ReactJS, Firebase, APIs

Dec 2024 – Feb 2025

- Built a **full-stack coding profile analytics platform** using **prompt engineering**, aggregate data and visualize coding profiles from LeetCode, CodeForces, and GeeksForGeeks.
- Implemented authentication** using Firebase, supporting email/password login and Google OAuth for secure user access.
- Designed an interactive dashboard** with real-time updates, problem-solving analytics, and rating progress visualization.
- Integrated multiple external APIs** to fetch and display coding stats dynamically, enhancing user experience and engagement.
- GitHub Repository: <https://github.com/Vishal-140/CoderStats>

Certificates

Build AI Apps with ChatGPT, Dall-E, and GPT-4

April 2024

Coursera — [Certificate link](#)

Become a Full-Stack Web Developer

Feb 2023

LinkedIn Learning — [Certificate link](#)

Technical Skills

Languages: C++, Java, JavaScript

Web Development: HTML, CSS, React.js, Tailwind, Web Frameworks

Backend and Databases: Node.js, Express.js, MongoDB, RESTful APIs

Mobile Development: Android Development (Kotlin)

Tools and Platforms: Git, GitHub, Firebase

Soft Skills: Adaptability, Problem-Solving, Communication Skills

Education

Lovely Professional University

2022 – 2026

B.Tech in Computer Science and Engineering — CGPA: 7.01

Phagwara, Punjab

Bishop Academy

2021 – 2022

12th with PCM — Percentage: 78%

Maharajganj, Uttar Pradesh

Government Higher Secondary School

2019 – 2020

10th with Science — Percentage: 82.4%

Mariyang, Arunachal Pradesh
